

# Workshop Session #1: Sunset Drive, Pacific Grove CA

Date: November 9<sup>th</sup>, 2022

**About the walk audit:** Pacific Grove has received TAMC Measure X funding for safety improvements of the five-way intersection of the Hwy 68 Sunset Dr Corridor, Congress Ave, and Cedar Street. This walk audit will help you think about and provide input on how these roads and surrounding environment impact how it feels to walk, bike, roll, take transit, and drive in the area to as the City works to improve safety and access for everyone. This is also an opportunity to think broadly about the Sunset Drive Corridor and your vision for the rest of the Measure X project. \*\*Each individual will fill out an independent worksheet.

## Let's talk before we walk!

**#1** Flip this sheet to make note of the walk audit route.

**#2** Circle the travel mode(s) used to access destinations on the map.

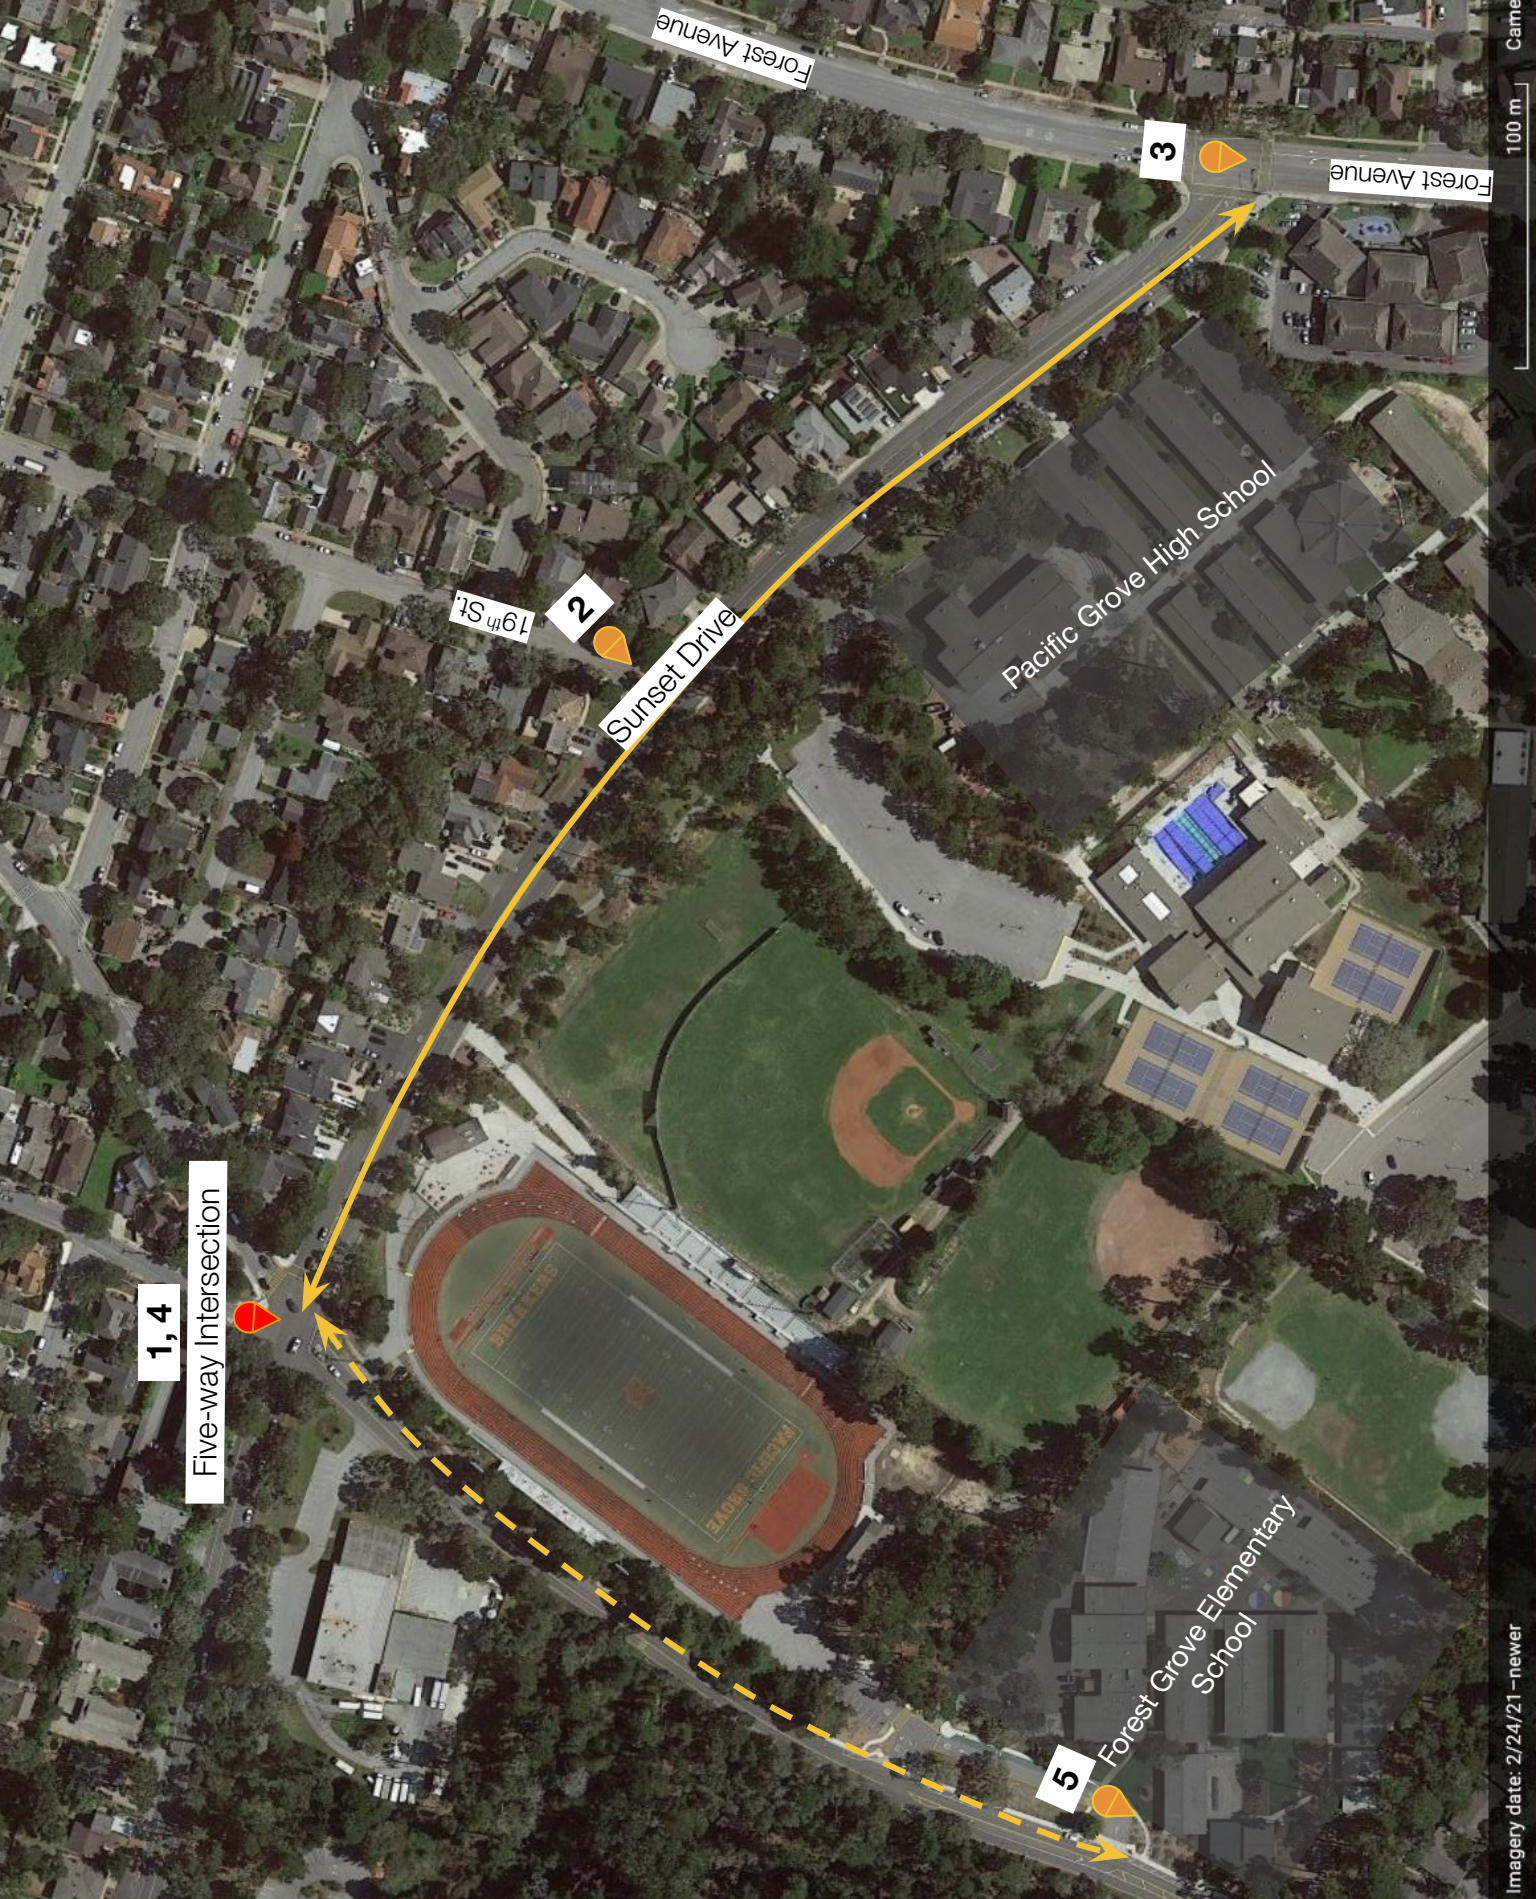

Walking	Biking	Using/with someone using assistive mobility devices	Car	Transit
---------	--------	---	-----	---------

Tell us why you use the particular mode(s) you marked above?	
Would you feel safe walking to destinations in this area? If no, tell us why?
